2.5	Pupils at Thorndown Primary School have medical needs which are many and varied. Staff may need to take extra care in supervising some activities to make sure that these children, and others, are not put at risk. The systems being put in place are based on close co-operation between the school, parents/carers and health professionals.		
2.6	At the point of admission, the school will request full information about existing medical conditions in order that relevant support and training, where appropriate, can be put into place.		
2.7	No member of staff will be obliged to administer prescribed medication; however, staff volunteers will be sought to act as the nominated person and, where possible, two staff members will be present.		
2.8	The school will only participate in the administration of prescribed medication if the parent/carer has completed and signed the request form and has given full details of the medication, dosage etc.		
2.9	Detailed records are kept of medicine which has been administered and there is a medical box in each room for inhalers.		
2.10	Intimate Care is covered by a separate school policy.

8.3	Two aspects of the complaint were found to have been of legitimate concern and these have been dealt with internally by Ofsted.

8.5	It was suggested that the In-House training event in 2015/2016 should be the new Ofsted Framework being introduced from September 2015. The Chair to raise this at the next Full GB on Thursday, 2 July 2015.	July 15	Chair
